

## CITY OF RYE

**To:** City of Rye Board, Committee and Commission Chairpersons

**From:** Greg Usry, City Manager

**Re:** Revised COVID Protocols

**Date:** August 3, 2021

---

With the revised CDC guidelines regarding wearing masks indoors, we are reviewing and revising our requirements for both employees and residents. Beginning Thursday, August 5<sup>th</sup>, anyone entering a City building must be fully masked at all times in common areas (lobby, hallways, meeting rooms, etc.). This applies regardless of vaccination status.

At this point, the Governor has not revised or suspended the Open Meetings Law so Zoom meetings are not yet permitted. If you are meeting, it must be done in person, and masks are required for all those attending. This is obviously a dynamic situation and we will continue to revise and update as circumstances require.

Thank you for all your work, and the continued understanding of these necessary changes.
